

Full 2.4A charging capability

Charges iPad Air in approximately 4 hours —
33% faster than 2.1A solutions

ERGOTRON®**Highlights**

- Design accommodates iPad Pro, iPad Air 2, iPad (4th generation) and iPad mini devices
- Multiple capacity options to sync, charge, transport and secure up to 16, 32 or 48 tablets
- Full 2.4A charging power for Apple devices
- Lightning™ cables installed
- Charge all tablets simultaneously with one power cord to the wall socket
- Switch from charge to sync mode by connecting a Macintosh computer or PC. Charging status is visible using the Individual Status Indicator (ISI) LED feature
- Desktop units are available and can be secured to a worksurface
- Up to 47% smaller and lighter (unloaded) than competitive product

Sync and charge. Lightweight, compact, easy to maneuver, secure and cost-effective design.

Pre-installed Lightning cables

Sync, charge, secure and manage up to 16, 32 or 48 devices. Fully assembled with Lightning cables installed, this cart is ready to roll right out of the box. This compact cart accommodates iPad Pro, iPad Air, iPad (4th generation) and iPad mini devices.

Durable steel doors with robust three-point lock and key assembly provide strong theft deterrence.

Ready to Roll

- Fully assembled with Lightning cables installed, this cart is ready to roll right out of the box. Just plug in your iPad devices to get started. Sync, charge, transport and secure up to 16, 32 or 48 tablets

Top-Rated Sync & Charge

- Improved charging system provides a full 2.4A charging current per device — charging an iPad Air in less than 4 hours
- Built-in syncing capability; simultaneously sync up to 16, 32 or 48 devices by connecting your laptop via the cart USB port
- Made for iPad certified
- Compatible with iPad Pro, iPad Air, iPad (4th generation) and iPad mini devices. Lightning cables come pre-installed so the cart is ready to charge immediately
- Accommodates most iPad cases
- LED Individual Status Indicators (ISI) monitor charging progress of each tablet

Super Compact Design

- Carts feature a small footprint making them easy to maneuver through tight aisles and easy to store
- Up to 47% smaller, 47% lighter (unloaded) than competitive product

Tablet Case Compatibility — The following cases have been tested and confirmed to work with this product. This is not a comprehensive list. If your cover fits within the maximum dimensions of 7.9"H x 11.3"D x 0.85"W (20 x 28.8 x 2.2 cm) with the cable plugged in, it should also fit

iPad Air cases: Apple iPad Air Smart Case, Belkin Air Protect, Belkin MultiTasker, Belkin Shield Swing, Griffin Survivor, Gumdrop Drop Tech, Otterbox Defender, Shockdrop, Speck FitFolio, STM dux, STM studio

iPad (4th generation) cases: Apple iPad Smart Case, Belkin Protective Case with Stand, Belkin Tri-Fold Folio, Belkin Snap Shield, Brenthaven Bionic, Casacrown Trifold Case, Casacrown Omni, Griffin Intellicase, Gumdrop Drop Tech, Hard Candy Street Skin, Logix Roadster II, Otterbox Defender Series (without separate top cover), Otterbox Reflex Series, Speck FitFolio, STM Skinny 3, STM Skinny Pro, STM Grip, STM Dux, Targus SafePort Rugged, Targus SafePort Rugged Max Pro, Targus Slim Case, Trident Aegis, Trident Kraken AMS

Solid, Durable Construction

- Steel tube and aluminium extrusion framework; steel access doors
- Durable, easy-to-clean exterior composed of high-grade fire-retardant ABS
- Clean, neat cable management within dedicated drawer located within each module. Secure drawer is separate from iPad compartment, limiting unauthorized access to cables

Safe & Secure

- Tested and certified to UL 60950-1 and UL 1667 standards, FCC requirements and all applicable country-specific regulations
- Durable steel doors with three-point lock assembly provide strong theft deterrence; optional security bracket kit provides ability to secure entire cart to floor or wall
- Fan and ventilation system maintains safe operating temperatures
- Ergotron not only uses UL-certified components, but goes a step further to have UL certify the entire system to guarantee safe use within the classroom, healthcare, or enterprise setting. Tested and certified to UL 60950-1 and UL 1667 standards, FCC requirements, and all applicable country-specific regulations
