Product Description

Designed with the modern student in mind, the LS150 Backpack has all the storage and functionality you'll need to get around campus in style and comfort. Constructed of durable materials, the backpack has dedicated areas for a laptop and tablet to keep the devices from moving around when you're heading from class to class. Quick access pockets in the front can hold a variety of items including keys, a smartphone or wallet. There's also a zippered organizer area to keep items neatly tucked away, and a stretch pocket on the side can hold a water bottle or a compact umbrella. An ergonomic air-mesh back cushion and padded shoulder straps make carrying a loaded backpack easier and lets the materials breathe to reduce perspiration.
