

## 4-Port USB 2.0-Over-Cat5-or-Cat6 Extender - 165ft (50m)

StarTech ID: *USB2004EXTV*

This 4-port USB 2.0 extender is an easy and inexpensive solution for creating workspace freedom. Now you can extend the distance of your USB 2.0 devices over a single Ethernet cable, up to 130ft (40m) over Cat5, or 165ft (50m) over Cat6.

### Go the extra distance for increased productivity

Overcome the 16ft USB cable length limitation to create a more flexible and efficient workspace. Now you can place up to four USB devices in remote locations away from the host computer system. Position your hard drive enclosure, printer, scanner, webcam and other popular peripherals right where you need them, to save time and enhance your productivity.

### Port location enables fast and easy connections

Gain quick access to the USB devices you use most frequently. Often on the go? Use the two top ports for fast, easy connections to portable devices like flash drives, smartphones and tablets. Plus, you still have two front-facing ports for printers or other devices requiring a more permanent set-up.

### Supports any operating system and older devices

The versatile USB2004EXTV supports Windows®, Mac® and Linux systems. Set-up is easy with no additional drivers or software required, and the extender is backward compatible with USB 1.1 and 1.0 peripherals.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

## Applications

- No need to lay new wiring – use existing direct cable, in-wall Cat5 or Cat6, to extend USB connections between rooms
- Use as a mid-point repeater to increase the connection distance of your USB peripherals

## Features

- Place your devices where you need them with this cost-effective USB extender
- Unique 4-port design with 2 ports on top for easy access
- OS independent for fast, hassle-free set-up
- Kit includes a transmitter and a 4-port hub receiver
- Supports transfer rates of up to 480 Mbps
- Plug-and-play and hot-swap compatible

Technical Specifications

Warranty	2 Years
Cabling	Cat 5 UTP or better
Ports	4
Max Distance	50 m / 165 ft
Maximum Data Transfer Rate	480Mbps
Local Unit Connectors	1 - USB Mini-B (5 pin) Female
Local Unit Connectors	1 - RJ-45 Female
Remote Unit Connectors	4 - USB A (4 pin) Female
Remote Unit Connectors	1 - RJ-45 Female
OS Compatibility	OS Independent; No additional drivers or software required
System and Cable Requirements	USB-enabled computer system with an available USB port
System and Cable Requirements	RJ45 terminated Cat5 or higher Ethernet cabling
LED Indicators	1 - Power / Link
Center Tip Polarity	Positive
Input Current	0.4 A
Input Voltage	100 ~ 240 AC
Output Current	2.0 A
Output Voltage	5 DC
Plug Type	N
Power Consumption	10 W Max
Power Source	AC Adapter Included
Humidity	0~80% RH
Operating Temperature	0°C to 50°C (32°F to 122°F)
Storage Temperature	-20°C to 70°C (-4°F to 158°F)
Color	Black
Enclosure Type	Steel
Product Height	0.9 in [22 mm]
Product Length	3.1 in [80 mm]
Product Weight	11.4 oz [324 g]
Product Width	2 in [52 mm]
Shipping (Package) Weight	27.3 oz [774 g]
Included in Package	1 - USB 2.0 Local Extender
Included in Package	1 - USB 2.0 Remote Extender

Included in Package	1 - 0.5m (1.5ft) Mini-USB to USB 2.0 A Cable
Included in Package	1 - 1.5m (5ft) RJ45 Ethernet Cable
Included in Package	8 - Rubber Feet
Included in Package	1 - Universal Power Adapter (NA/JP, EU, UK, ANZ)
Included in Package	1 - Instruction Manual
